

# JOB CONNECT & **Vitesse**

## Are Hosting an Information Session for : Internationally Trained Adults

### Do You:

- Want to retain employment in your native field and upgrade your technical and academic knowledge?
- Want to open the door to your future job in the Canadian technology sector?
- Need help to obtain employment, or to re-skill in a related field in the science or engineering sector?

### Program Overview

The Vitesse Bridging Program (VBP) builds on Vitesse's experience working with the knowledge-based industries and internationally trained professionals (ITPs) since 1996. VBP is a one-of-a-kind initiative aimed at transitioning ITPs into Ontario's high-tech and science-based industries. Target sectors include biotechnology, pharmaceutical, microelectronics, IT, photonics, and telecommunications.
